PROGRAM AGENDA

May 2-3, 2018

7:30 a.m. - 8:00 a.m. - Registration

8:00 a.m. - 8:05 a.m. Introduction
Grayson Upton, IMERYS, GMA/GCAA Safety
Committee Chairman

8:05 a.m. - 8:50 a.m.- **Justin Ganschow**,
Caterpillar Safety Services, Empowering
Employees to Speak Up and Listen Up

8:50 a.m. - 9:00 a.m. - Break

9:00 a.m. - 9:45 a.m. - Breakout Sessions
(Three concurrent morning sessions)

"Electrical Hazards Made Easy"

Yellow 1st, Red 2nd, Blue 3rd

Location: Boston 1

Mel Daniel and Stacy Williford, Mel Daniel Heating, Cooling, and Electrical. Each have over 30 years of electrical experience in the mining industry. They have seen numerous electrical hazards during this time. This presentation will demonstrate both common and not so common electrical hazards you may find in plant and mine environments.

"What to do Before, During & After an Active Shooter Event"

Red 1st, Blue 2nd, Yellow 3rd

Location: Atrium

MPO Arick Furr, Alpharetta Police Department, The frequency of active shooter incidents have increased in recent years along with the numbers injured and killed. When these unthinkable acts occur, every second counts. Don't be caught unprepared. This session will provide critical insights, knowledge, life-saving skills and strategies for dealing with active shooter threats.

Working Drug Free Works

Blue 1st, Yellow 2nd, Red 3rd

Location: Boston 2

Karen Tinker, The Council on Alcohol and Drugs. Get a glimpse into the Georgia Drugs Don't Work (DDW) program and how it benefits employees, employers and communities. 45 minute session is full of valuable information, resources and leaves attendees wanting to know more about prevention and how to make an impact. Q/A session is a great time to get your difficult questions answered by a Drug Free Workplace Expert.

9:45 a.m. - 10:00 a.m. - Break

10:00 a.m. - 10:45 a.m. - Breakout Session
(Repeat concurrent morning sessions)

10:45 a.m. - 11:00 a.m. - Break

11:00 a.m. - 11:45 a.m. - Breakout Session
(Repeat concurrent morning sessions)

11:45 a.m. - 1:00 p.m. Lunch
This year's lunch program will focus on recognition of individuals' benchmarks for personal safety, networking and participating with hands-on interactive demonstrations.

1:00 p.m. - 1:30 p.m. - Guest Speaker, **Sam Pierce**,
Southeastern District Manager for Metal and
Nonmetal Safety and Health

1:30 p.m. - 2:30 p.m.

"Drug Free?"

Greg Peckinpugh, is a DEA Special Agent. He is assigned as the Primary Firearms Instructor and Domestic Cannabis Eradication Coordinator for the Atlanta Field Division. While it's always important to Maintain a Drug Free Workplace, you first must be aware. Learn about and understand how Illegal Marijuana Cultivation Operations work. You may just begin to wonder if your workplace is Drug-Free.

A Note From the Chairman

The Georgia Mining & Georgia Construction Aggregate Associations (GMA/GCAA) Joint Safety Committee would like to thank each of you for making the 2017 Safety Workshop a tremendous success. We hopefully had a positive safety impact on 450 attendees and 10 vendors. With your support, we want to have a similar impact on even more miners this year by providing a quality educational and networking opportunity.

The 2018 Georgia Mining Safety Alliance Workshop will be held at the Anderson Conference Center in Macon, GA. We will kick off our conference with keynote speaker Justin Ganschow with Caterpillar Safety Services. The educational program will feature a strong line up of speakers and quality break out sessions on topics such as Electrical Hazards, Active Shooter Events, and Drugfree Workplace Safety. There will be time built in to the program to network, visit with vendors, and participate with interactive demonstrations. We are pleased to announce that we have invited special guest Sam Pierce, Southeastern MSHA District Manager for Metal and Nonmetal, to address our companies after lunch. The afternoon session will be highlighted by DEA Special Agent Greg Peckinpaugh. Greg works out of the Atlanta Field Office and specializes in Marijuana cultivation operations. He will enlighten the group on these illegal operations and how to recognize signs that they may be closer than you think.

We encourage you to take what you learn at the workshop back to your workplace and continue the outstanding safety record for the mining industry in Georgia. At the conclusion of the workshop please complete the evaluation form and provide us with feedback so we can continue to put together a program that meets your needs. We look forward to seeing you at the workshop.

**Yours in safety and health,
Grayson Upton, Chairman
GMA/ GCAA Safety and Health Committee**
